Itga

My dear aunty Vlckova Daniela

Greetings to you from your loving Chandrakanth. I am fine and I hope my letter finds you with good health.

Our school was closed in March without examination because of the corona. I completed my 1st standard and I am promoted for the 2nd standard. My parents did not go for work. Food kits were given to us. I thank you for giving us food kits and helping us in a need.

It is raining here. My parents are going for work daily. Our teachers are taking online classes. I do my home work daily.

My parents are keeping well. They are praying for you. I am also keeping you in my prayer. I end this letter by praying god's blessings on you.

Your loving
Chandrakanth
